BOLD ROBBERIES AT CHADBOURN AND FAIR BLUFF

Blood Hounds Put on Trail of the Robbers—When the Hounds were Taken Off the Train One of the Villains Boarded the Opposite Side—He Flourished His Pistol and Escaped up the Road—His Subsequent Capture and Confession—He is an Ex Con

Yesterday was a day of intense excitement at the town of Chadbourn 53 miles from Wilmington on the Wilmington, Columbia and Augusta railroad. Some time between midnight and day yesterday morning, the warehouse of the Atlantic Coast Line was broken into and the safe priced open and robbed of between \$25 and \$30 in money and some express packages, a pistol, a razor, a scarf pin and other articles. The discovery was made yesterday morning and the railroad and express authorities were immediately notified.

A dispatch was sent to Florence ordering the Atlantic Coast Line's blood hounds to Chadbourn to trail the robber or robbers. Five hounds were accordingly put on train No. 54, Captain Sam Carmon, conductor, which left Florence at 8:55 a. m. Accompanying the dogs were Jailer Dennis, their keeper, and his son, and Mr. K. C. Barrett, route agent of the Southern Express Company, with headquarters at Florence.

When the train reached Fair Bluff, about ten miles from Chadbourn, there was an excited crowd at the depot. It seems that Mr. M. D. Elvington's store there had also been broken open and robbed. The dogs were, however, carried on to Chadbourn. The train reached there at 10:35 a. m., and gathered at the depot there was another large and excited crowd. The bloodhounds were taken off on the depot side and Messrs. Dennis and Barrett got off with them.

About Chadbourn that morning a suspicious negro had been noticed, and he had been seen in the crowd at the depot, but when the train left he was missed. A telegram was immediately sent to Brinkley's station, which is 19 miles from Wilmington, inquiring of Captain Carmon if a young negro wearing a cap and a shirt with a speckled front was on his train. When Captain Carmon got the telegram, he looked through the train for a man of the description given. In the meantime the negro went from the second class coach into the baggage car and asked what the train was being held so long for. He seemed to be uneasy. The baggage master informed him that they were waiting on the conductor and told him the train would leave as soon as the conductor came in from the depot. When Captain Carmon went into the train to find the man described, some one told him he had jumped off and was running down the track. Captain Carmon ran through to the sleeper at the rear of the train and hollowed to the man to stop. He was running and kept himself covered by the train and when he saw Captain Carmon and some others were about to pursue him, he drew a revolver, flourished it as he went and dashed into the woods on the east side of the railroad. The news was telegraphed back to Chadbourn, and in the mean time Mr. D. S. Pitman, the railroad telegraph operator at Brinkley went in pursuit of the robber. He came up on the man and the robber drew his pistol and forced Mr. Pitman to take the protection of a friendly tree. Mr. Pitman went back and got a gun and went in pursuit on horseback and succeeded in capturing the man about eight miles from Brinkley. He carried his prisoner back to Brinkley and he was taken before Colonel David S. Cowan, Justice of the peace, who sent him to jail at Whiteville. The prisoner gave his name as George Wortham, and confessed to a knowledge of the robbery, and implicated one Hayes Webb, alias Alexander, colored. He said Webb was hid in a box car at Chadbourn, and expected to come to Wilmington on the local freight which arrived in the city about 6 o'clock yesterday evening. Officers were on the look out for Webb but he did not turn up.

Captain Carmon says that soon after leaving Chadbourn he came across George Wortham in the first class coach. He went into the second class coach and paid his fare to Wilmington. The colored train hand on Captain Carmon's train says when the train started from Chadbourn he drove Wortham off the front of the mail car and told him to get on board one of the passenger coaches if he wanted to ride on the train. He believed he was trying to beat his way and thought nothing of the circumstance, as the man got on the train where the bloodhounds were put off. Wortham says when the bloodhounds were put off the train he got on from the wood rack on the opposite side of the train from where the dogs were taken out.

The preliminary hearing in Wortham's case has been set for 10 o'clock Monday morning at Whiteville. It turns out that Wortham is an ex-penitentiary convict. He has not been out of the penitentiary two months, having served a term for house breaking.

At Chadbourn on the same night the depot and express office were broken into, the residence of Mr. R. K. Moore, who resides about a mile and a half from the village was broken into and robbed. It is supposed that the robbers were the same who robbed the depot.

WILMINGTON DOWNS NEW BERN

The A. C. L. Team Victorious—The Second Game With the New Bern Team Yesterday—The Decisive Game Today

For the second time, the Atlantic Coast Line baseball club, of this city, and the New Bern team met on the diamond yesterday to try conclusions. On Wednesday victory graced the colors of New Bern, but yesterday she saw fit to change and honored the black and orange of the Coast Line.

Yesterday afternoon at Hilton park, fully 600 people, among them many of the fair sex, witnessed the second game of base ball, in a series of three between the aforesaid clubs, for a purse offered by the Street Car Company.

Promptly at the specified hour, 4:30 p. m., Umpire Prempert stepped behind the pitcher's box and cried "play ball."

The Coast Line went to the bat. Gwaltney, first to bat for A. C. L. hit a liner to short and was put out. Galloway made a "hase hit and scored on Fenner's two base hit. NOTES OF THE GAME.

Person and Holland played beautiful ball, as battery for New Bern. They are fine players and they did their best to win the game; but in vain.

Stith, short stop for New Bern, was all right, whether in the field or at the bat.

Gwaltney played a beautiful catch for the A. C. L. team, and Hill was fine in the pitcher's box. They played pretty ball all the way through.

The A. C. L. rooters certainly did their best to win the game for that club, if noise and ribbons could do such a thing.

Up to the eighth inning the game was very tight and interesting and kept the crowd guessing as to which team would triumph in the end, but in this inning the A. C. L.'s piled up three runs, thus winning the game.

When the score was tied in the seventh inning, the crowd went wild, the rooters of the Coast Line buried their heads in their hands and wept silently for joy and the orange and black waved with the triumph which they were to keep till the end. This afternoon at Hilton these teams will play the last and deciding game of the series. They will put up an interesting and snappy game of ball, as each team wants the honor of victory and the purse of money. Admission 25 cents. Ladies 10 cents.

Roberts, the left fielder of New Bern, made some beautiful catches out in his district.

Fenner, the first baseman of the A. C. L., played one of the prettiest, all-around games of ball ever seen around these parts.

The New Bern boys are in the hands of the A. C. L. and O. A. N. boys and it is safe to say that they will have a good time.

Don't forget the game this afternoon. It will be as "fine as silk" and you will miss half your life if you do not attend.

Sinclair was all right at the bat, and would knock them balls away.

Yesterday's Races

St. Louis, August 26.—Five favorites captured all but one of the events at the fair grounds today. Senator O'Brien's Empress Josephine, in the fifth race, was the only favorite defeated. All the winners were heavily played. Weather hot; track fast and attendance good.

Cincinnati, August 26.—Joe Hill landed three winners at Newport today. One of them was at 10 to 1. In the opening race seventeen maidens went to the post. After a short delay, Starter Brown sent them away heads apart, this being the best start ever seen on the local tracks. The weather was fine and the track fast. Coriolla, a bay filly by Iroquois—Grace J., was today purchased by Ed. Trotter, from Rome Respass for \$600.

New York, August 26.—At Sheepshead bay today Pittsburgh Phil reigned, his being the best start ever seen on Tuesday. The weather was fine and the track fast. Coriolla, a bay filly by Iroquois—Grace J., was today purchased by Ed. Trotter, from Rome Respass for \$600.

Pennsylvania Republican Convention Harrisburg, Pa., August 26.—The republican state convention comprising 363 delegates, met in this city today and nominated James S. Beacom, of Westmoreland county, for state treasurer, and Major Levi G. McCauley, of Chester county, for auditor general. The latter had no opposition; but the Allegheny county delegates, under the leadership of State Senator C. L. Magee, placed the name of State Senator John W. Crawford, of that county, before the convention in opposition to Mr. Beacom. No action was made in Crawford's behalf, however, and he received but nine votes besides the thirty-one cast for him by his home delegation.

The platform ratifies and reaffirms the St. Louis declaration of principles, congratulates the people on the passage of the Dingley bill and the return of prosperity, pledges the party to the pursuit of a just, reasonable and equitable civil service, denounces ex-President Cleveland for his "unhappy" and "unfortunate" administration of President McKinley and Governor Hastings, regrets the defeat of the reform bills by the late legislature and recommends the passage of the bill requiring the payment of interest on state deposits.

Germany's New Ambassador to the United States

Berlin, August 26.—The North German Gazette announces that Dr. von Holleben, the Prussian minister at Stuttgart, Wurtemberg, has been selected for the post of German ambassador to the United States, made vacant by the appointment of the late ambassador von Thielmann, to be secretary of the imperial treasury.

Von Holleben, the new ambassador, is well and favorably known in the United States, having been German minister to this country from March 7, 1892, to September 4, 1893, when the mission was raised to an embassy. He then gave way to Ambassador Saurma Teltch, who, later, became Germany's representative at Constantinople. At the state department, the new ambassador is said to be a man of high intelligence and an experienced diplomat, and speaks English as well as our native born citizens. The department's relations with him while here were very pleasant.

A Destructive Fire in Pittsburgh
Pittsburgh, August 26.—Fire this evening caused the loss of \$165,000 worth of property, killed two firemen and created a panic in the Seventh avenue hotel.

About 6:30 o'clock flames were discovered in the five-story building at No. 637 Smithfield street, occupied by Edmondson & Perrine's furniture establishment, and gained such rapid headway that the building was a mass of flames before the engines reached the scene. In a very short time the building was entirely destroyed. The fire originated from the explosion of a gas engine in the cellar.

The building is T shape, running back from its Smithfield street front to a ten foot alley in the rear, separating it from the Seventh avenue hotel. The guests of the hotel, numbering 150, were nearly all at supper at the time the flames were seen pouring from the rear window of Edmondson & Perrine's building. A grand rush was made for the exits. Fortunately no one was hurt, but the excitement ran high for the time the hallways were soon filled with trunks and baggage of the guests who were endeavoring to save themselves and belongings. The fire burned the kitchen and part of the dining room of the hotel, but was extinguished before reaching the sleeping apartments and all the guests retired to the house after the fire.

A portion of the rear wall of the furniture store fell into the alley, catching two firemen, one of whom, John Neelan, was badly, but not seriously hurt. Several buildings adjoining the burning building were damaged by water, the aggregate loss amounting to about \$5,000.

The other losses are: Edmondson & Perrine \$100,000 on stock, insurance \$42,000; John Daub, owner of building, \$50,000, insurance \$7,000; Seventh Avenue hotel, \$10,000, fully insured.

At 11 o'clock, after the fire had been subdued and the firemen were coupling up their hose, the Strawberry alley wall of the Edmondson & Perrine building fell, burying under the debris two firemen, Zeke Glover and Harry Holt. Two boys who were watching the firemen, are also supposed to be under the fallen wall. A large force of men were put to work at once to get the victims released. As the wall was three stories high, the progress of the rescue was slow. At 11:50 o'clock Holt's dead body was recovered and Glover's was reached soon afterward. Both men were married and lived at Lawrenceville. The hunt is still going on for the bodies of the two boys.

Senator Wellington Snowed Under

Ocean City, Md., August 26.—By a vote of 61 to 56, the delegates to the republican state convention today refused to endorse Senator George L. Wellington and his views as to the leadership of the party in Maryland.

The clash between the opposing factions began almost with the fall of the gavel which called the convention to order.

Senator Wellington, as chairman of the state central committee, took his place on the rostrum at 12:35 o'clock. When the applause which greeted him had subsided he addressed the delegates and spectators justifying his course.

After the appointment of committees on credentials, resolutions and permanent organization, the convention took a recess until 4 o'clock p. m., and when it reassembled it was seen that the supporters of Malster, together with other elements of the party, opposed to the policy of Senator Wellington, had gained a complete victory.

The senator took no part in the second session, which was brief, but decisive. Attorney General Harry M. Claiborn, chairman of the committee on credentials, took the floor as soon as the convention was called to order and presented resolutions declaring null and void all the republican primaries held in Baltimore on August 23rd, because of irregularity.

The resolutions provide for the holding of primary elections and the holding of city legislative district conventions in the city of Baltimore on September 11th, when an entire new municipal government is to be organized, and other delegates to the state convention be chosen.

The resolutions were received with enthusiastic cheers and adopted without a dissenting voice. The committee on resolutions asked for further time which was granted, and then Mr. Claiborn presented, and the convention adopted, a resolution that the convention adjourn to meet at Rainier Hall in Baltimore on September 15th at noon.

A Boom in Corn

New York, August 26.—The speculative attraction in grain circles today was the corn market. The ring was surrounded from start to finish by a large crowd of brokers, most of whom were bulls and had buying orders which sent the total of today's business up to 880,000 bushels. A tip had been given out that corn was good for a big rise in the next few weeks and the investment buying on this and other influences was a feature of the day. Many of the biggest operators are now interested in corn. Word came from Chicago that the corn ring there would not hold the crowd of traders who were trying to execute orders. The country is interested in the predicted boom and bought freely today. When wheat sold off in the afternoon corn broke loose from its higher priced companion and had a little bulge on its own hook. Crop news is unmistakably gloomy. The frost season is near at hand and from all accounts the grain is so far behind its average growth at this time of the year that even with the most favorable weather from now on, it will enter the danger period at a disadvantage.

Favorable Outlook for the Strikers
Washington, D. C., August 26.—President Gompers, of the American Federation of Labor, gave his view of the present coal strike situation to the Associated Press today as follows:

"The situation as I gather it from the representatives of our organizers indicates that between 60 and 65 per cent. of the mines in West Virginia are now closed down completely. A letter I have just received from the Cooper and Pocahontas district is brimming with confidence and says the work in that region has been reduced one-half in the last fortnight, and predicts a general collapse there very soon. So long as the West Virginia miners continued operations there was, of course, little hope of an absolute victory for the miners, because West Virginia could supply the urgent needs of the market, but with suspension in West Virginia becoming general if the miners in the states of Pennsylvania, Ohio, Illinois and Indiana keep the ranks unbroken, I am confident they will, the strike must result in an absolute victory for the men. Before September 15th, the lake trade must be supplied. The situation becomes daily more acute and while I hesitate to fix a day I believe that the strike will be terminated by the end of September, and that the settlement will be in favor of the miners."

When Mr. Gompers' attention was called to the great destitution and suffering among the strikers, he said that the coal operators had taught the miners how to suffer. They had been drilled in hardship by the operators. They would continue to endure their trials a little longer in the hope of relieving their situation permanently in the future.

THE EXPERIENCE OF A COUNTY JUDGE

The Honorable J. F. Greer, one of the best known and most highly respected county judges of the State of Florida, writes of his horrible sufferings from inflammatory rheumatism:

OFFICE OF J. F. GREER, COUNTY JUDGE, Green Cove Springs, Clay Co., Fla.

GENTLEMEN: Twenty-three years ago I was attacked with inflammatory rheumatism. It was attended by the most eminent physicians in the land. I visited the great Saratoga Springs, N. Y., the noted Hot Springs of Arkansas, and many other watering places, always consulting with the local physicians, directions, and finally came to Florida, ten years ago. About two years ago I had a severe attack of rheumatism, was confined to my room for twelve weeks, and during that time was induced to try P. P. P., Lippman's Great Remedy, knowing that each ingredient was good for impurities of the blood. After using two small bottles I was relieved. At four different times since I have had slight attacks and each time I have taken two small bottles of P. P. P., and have been relieved, and I consider P. P. P. the best medicine of its kind. Respectfully, J. F. GREER.

James M. Newton, of Aberdeen, Ohio, says he bought a bottle of P. P. P. at Hot Springs, Arkansas, and it did him more good than three months' treatment at Hot Springs.

Rheumatism, as well as sciatica and gout, is cured by a course of P. P. P., Lippman's Great Remedy.

P. P. P., Lippman's Great Remedy, is a friend indeed to weak women. It is a positive and speedy cure for general weakness and nervousness. All skin diseases are cured by it; anything from pimples to the worst cases of eczema succumbing to the wonderful healing powers of P. P. P.

Dyspepsia and indigestion in their worst form are cured by it. As a tonic to restore the appetite and to regain lost vigor, it is simply marvelous.
